Book forthcoming
Globalisation and its impacts on local communities
Case studies in Bulgaria, Poland, Belarus, Russia and Ukraine and outlooks

World_Drives association, Eastern European Network (2008), Berlin: Lit Verlag,
in preparation as vol 2

Part I
A walk through small and medium sized centres of Eastern Europe
comparative part

- Diversity of the communities, its labour markets and socio-scapes for life
- The Eastern European semi-periphery: the cases as types of small and middle centres
- Old and new structures – the cases as landscape of firms: Skidel, Siemiatycze, Chop and adjacent villages, Stupino, Pernik
- Communities as socio-scapes perceived and assessed by people: labour, Primary groups, local culture, landscapes
- What happens when the newcomers arrive?
- Attitudes to labour and work culture
- Shaping the future and life perspectives
- Who is responsible for problems and actions? Insights into the societal models and collective minds

Part II
Portraits of the five socio-scapes
qualitative section

- Siemiatycze: The shuttle migration between Eastern Poland and Brussels (Polish team)
- Skidel: A closed socio-topo near the Schengen border in Belarus (Belarusian team)
- Chop and adjacent villages: Traditional and open minded (Ukrainian team)
- Pernik: A hard deindustrialisation and hoping for a new revival (Bulgarian team)
- Stupino: A boom town with two faces (Russian team)

Part III
Eastern European countries facing globalization
synthetic essays

- Eastern European countries on the way to a rationality of organisation (Nikolai Genov)
- The drives for change and what we can learn (Hans-Peter Meier)
